With Meal Service Other than NSLP & SBP .....	13
Ineligible for USDA Assistance .....	16
USDA Commodity Only Assistance .....	19
Other Meal Service .....	22
WITHOUT FOOD SERVICE--TOTAL .....	25
Ineligible for USDA Assistance .....	28
Special Milk Program Only .....	31
Eligible for USDA Assistance .....	34

## INTRODUCTION

The fall of 1976 marked the return of the Annual Report of Food Service in Schools and Residential Child Care Institutions. This report reflects the status of meal service in U.S. schools and residential child care institutions as of October 31, 1976. All 50 states and the District of Columbia submitted reports along with five territories outside the United States. Information was also received from Food and Nutrition Service (FNS) regional offices for private schools and residential child-care institutions in states where FNS is responsible for the administration of child nutrition programs.

This report is divided into several categories. The major categories are: 1) with or without a food service program; 2) public or private; 3) with or without facilities to prepare or receive hot meals; and 4) schools or residential child care institutions.

Table I --U. S. Summary of School Food Service Survey 1/

Item	Schools		Membership	
	Number	Percent	Number	Percent
<u>Schools with food service</u> <u>2/</u>				
National School Lunch Program (NSLP)	87,348	82.1	43,564,218	89.2
School Breakfast Program Only.....	67	0.1	19,190	0.1
USDA Commodity Only.....	402	0.4	102,192	0.2
Other Food Service.....	3,585	3.3	1,381,629	2.8
Total.....	91,402	85.9	45,067,229	92.3
<u>NSLP ineligible schools with</u> <u>food service</u> <u>3/</u>				
Total.....	294	0.3	122,097	0.2
<u>NSLP eligible schools without</u> <u>food service</u>				
Special Milk Program Only.....	7,200	6.8	2,209,044	4.5
Other Eligible.....	7,149	6.7	1,357,806	2.8
Total.....	14,349	13.5	3,566,850	7.3
<u>NSLP ineligible schools without</u> <u>food service</u> <u>3/</u>				
Total.....	303	0.3	73,346	0.2
TOTAL U. S. SCHOOLS.....	106,348	100.0	43,829,522	100.0

1/ Excludes Residential Child Care Institutions. Also excludes territories.

2/ Does not include NSLP ineligible schools with food service.

3/ Ineligible primarily because of civil rights policy or operating a lunch program for profit.

REMARKS

I CERTIFY that this report is true and correct to the best of my knowledge and belief.

DATE TITLE AGENCY SIGNATURE

No further minutes or other benefits may be paid out under this program unless this report is completed and filed as required by existing regulations (7 CFR 230).

## INSTRUCTIONS

PURPOSE - The data from this report provides FNS with the necessary information required to meet two needs. First, it serves as a basis for the apportionment of "Reserved" Nonfood Assistance Program funds, according to the law which authorizes the program. Second, it provides a breakdown by category of meal status in schools and residential child-care institutions, including those without meal service, which is required by Federal, State and local authorities for administrative purposes.

NOTE - The State Agency should make every effort to complete and mail this report by the date cited. If this cannot be done by the due date, a written statement providing the anticipated date of finalization and the reasons for not meeting the deadline must be submitted to FNS. The importance of accurate and complete data being reported as expeditiously as possible cannot be overemphasized.

All items are self-explanatory except as follows:

Item 4 and 6h - Data for the National School Lunch and Commodity Only Programs should be comparable to the data on the October Form FNS-10 report for these Programs.

5 - Include ONLY School Breakfast Programs operating in schools or residential child-care institutions which are not participating in the National School Lunch Program.

6a through 6d - Include all other hot or cold meal service (serving of milk only is not considered to be meal service).

6a and 8 - Examples of *ineligible* schools or residential child-care institutions are those which have restrictive admission policies or those which operate a profit-making food service.

## DEFINITIONS

1. WITH FACILITIES TO PREPARE OR RECEIVE HOT MEALS refers to schools and residential child-care institutions that have "reasonable access" to hot meals which meet or could meet Type A requirements and are consequently ineligible for "Reserved Funds" under the Nonfood Assistance Program. Any school or residential child-care institution which meets *one or more of* the following three provisions is considered to have a "reasonable access" to such hot meals:

- It has adequate equipment and facilities to prepare and serve such meals; or
- It has adequate equipment and facilities to receive such meals which are in fact available; or
- It has such meals available at other reasonably convenient sites.

2. WITHOUT FACILITIES TO PREPARE OR RECEIVE HOT MEALS refers to schools and residential child-care institutions which do not have "reasonable access" to hot meals that meet or could meet Type A requirements. These schools and residential child-care institutions would consequently be *eligible* for "Reserved Funds" under the Nonfood Assistance Program, if all other provisions are met. In order to be considered not having a "reasonable access" to such hot meals, a school or residential child-care institution must *meet each of* the following criteria:

- It must not have any, or has grossly inadequate, equipment and facilities to prepare such meals; and
- It must not have any, or has grossly inadequate, equipment and facilities to receive such meals from available sources *(if there are no available sources, this provision does not apply)*; and
- It must not have such meals available at other reasonably convenient sites.

3. REASONABLE ACCESS means that, in the judgment of the appropriate State Agency or FNSRO, the school or residential child-care institution could have chosen without undue hardship or inconvenience to themselves or their eligible or potentially eligible children to provide these children with a hot meal meeting Type A requirements through one of the three options in Definition 1. *For example, food service facilities available in the immediate vicinity would be more likely to provide "reasonable access" than facilities located across town.*

4. SCHOOL - An educational unit of high school grade and under operating under public or nonprofit private ownership in a single building or complex of buildings. When separately administered elementary and secondary grade levels are housed in the same building, each is considered a separate school. When both levels are administered as one unit, it should be considered a single school.

5. RESIDENTIAL CHILD-CARE INSTITUTION - A public or licensed nonprofit organization including, but not limited to, orphanages, homes for the mentally retarded, etc., where children are maintained in residence.

6. MEMBERSHIP (ENROLLMENT) - A pupil is a member of a school from the date he presents himself at school and is placed on the current roll until he permanently leaves the school for one of the causes recognized as sufficient by the State. The date of permanent withdrawal should be the date on which it is officially known that the pupil has left school, and not necessarily the first day after the date of last attendance. Membership is obtained by adding the total original entries and the total reentries and subtracting the total withdrawals; it may also be obtained by adding the total number present and the total number absent. This term is also known as the number belonging. This same definition may be applied to residential child-care institutions.

FNS/PROGRAM REPORTING STAFF  
12/22/77

## INSTRUCTIONS

PURPOSE. The data from this report provides FNS with the necessary information required to meet two needs. First, it serves as a basis for the apportionment of "Reserved" Nonfood Assistance Program funds, according to the law which authorizes the program. Second, it provides a breakdown by category of meal status in schools and residential child-care institutions, including those without meal service, which is required by Federal, State and local authorities for administrative purposes.

NOTE. The State Agency should make every effort to complete and mail this report by the date cited. If this cannot be done by the due date, a written statement providing the anticipated date of finalization and the reasons for not meeting the deadline must be submitted to FNS. The importance of accurate and complete data being reported as expeditiously as possible cannot be overemphasized.

All items are self-explanatory except as follows:

Item 4 and 6h - Data for the National School Lunch and Commodity Only Programs should be comparable to the data on the October Form FNS-10 report for these Programs.

5 - Include ONLY School Breakfast Programs operating in schools or residential child-care institutions which are not participating in the National School Lunch Program.

6a through 6d - Include all other hot or cold meal service (serving of milk only is not considered to be meal service).

6a and 8 - Examples of *ineligible* schools or residential child-care institutions are those which have restrictive admission policies or those which operate a profit-making food service.

## DEFINITIONS

1. WITH FACILITIES TO PREPARE OR RECEIVE HOT MEALS refers to schools and residential child-care institutions that have "reasonable access" to hot meals which meet or could meet Type A requirements and are consequently ineligible for "Reserved Funds" under the Nonfood Assistance Program. Any school or residential child-care institution which meets *one or more of* the following three provisions is considered to have a "reasonable access" to such hot meals:

- It has adequate equipment and facilities to prepare and serve such meals; or
- It has adequate equipment and facilities to receive such meals which are in fact available; or;
- It has such meals available at other reasonably convenient sites.

2. WITHOUT FACILITIES TO PREPARE OR RECEIVE HOT MEALS refers to schools and residential child-care institutions which do not have "reasonable access" to hot meals that meet or could meet Type A requirements. These schools and residential child-care institutions would consequently be *eligible* for "Reserved Funds" under the Nonfood Assistance Program, if all other provisions are met. In order to be considered not having a "reasonable access" to such hot meals, a school or residential child-care institution must *meet each of* the following criteria:

- It must not have any, or has grossly inadequate, equipment and facilities to prepare such meals; and
- It must not have any, or has grossly inadequate, equipment and facilities to receive such meals from available sources (*if there are no available sources, this provision does not apply*); and
- It must not have such meals available at other reasonably convenient sites.

3. REASONABLE ACCESS means that, in the judgment of the appropriate State Agency or FNSRO, the school or residential child-care institution could have chosen without undue hardship or inconvenience to themselves or their eligible or potentially eligible children to provide these children with a hot meal meeting Type A requirements through one of the three options in Definition 1. *For example, food service facilities available in the immediate vicinity would be more likely to provide "reasonable access" than facilities located across town.*

4. SCHOOL. An educational unit of high school grade and under operating under public or nonprofit private ownership in a single building or complex of buildings. When separately administered elementary and secondary grade levels are housed in the same building, each is considered a separate school. When both levels are administered as one unit, it should be considered a single school.

5. RESIDENTIAL CHILD-CARE INSTITUTION - A public or licensed nonprofit organization including, but not limited to, orphanages, homes for the mentally retarded, etc., where children are maintained in residence.

6. MEMBERSHIP (ENROLLMENT). A pupil is a member of a school from the date he presents himself at school and is placed on the current roll until he permanently leaves the school for one of the causes recognized as sufficient by the State. The date of permanent withdrawal should be the date on which it is officially known that the pupil has left school, and not necessarily the first day after the date of last attendance. Membership is obtained by adding the total original entries and the total reentries and subtracting the total withdrawals; it may also be obtained by adding the total number present and the total number absent. This term is also known as the number belonging. This same definition may be applied to residential child-care institutions.
